Guide to Patient Finance

We offer two methods to spread the cost of your treatment into affordable monthly payments at Halton Road Dental Practice

GoCardless Direct Debit

The practice allows you to spread the costs of treatment over 12 months when a deposit is paid upfront (typically around 40-50%) - please speak to reception or contact us by e-mail if you would like to sign up for this.

Please note that failed Direct Debit payments are subject to a £10 administrative fee. Repeated payment failure will result in the termination of the agreement and the full outstanding balance will be due for immediate payment.
